I walked to point 6 for a spotlight at the fence. I got no response, as I was watching the fence I notice a detainee running up the berm outside the wire. I grabbed the radio and called in to liberty base as an escape. As I was jumping off the truck I noticed another detainee running up the berm. I yelled "stop" twice and ran up the berm. I stood on top of the berm and looked for the detainees it was a steep drop and I heard rocks moving, but I couldn't see anything. I stayed there and then noticed one of the detainees running up the other side of the berm. I fired one shot and the detainee and he kept running. I fired another shot and the detainee dropped to the road. I stood there looking for the other detainees. I noticed the other detainee running up the berm. I fired twice but the detainee ran into the woods. I ran back down to the camp and called for a flashlight. I got a flashlight and ran back to the berm, down the other side and to the road. By the time I got to the road a hummer stopped on the road and a soldier got out and stood by the detainee on the road. Other soldiers started to come out of the buildings across the street and came to the scene.
